

944 Paddock at Nats?

Posted by dpRacing Dan - 23 Oct 2014 12:51

Hey guys, wasnt sure if everyone was planning on pitting together as a group. If so can you please save space for me? What time/day is everyone rolling?

I'll be arriving Thursday, not sure exactly what time.

Nice of them to forget about one of the larger classes.

I will send an email to Will F.

Guys, as I can't make the West Coast Championships this year, I haven't been involved in making sure this was set up this year. Sorry this was not clear, and I'm glad you guys are on it.

Tim Comeau will be the acting director out there this year. I did not "sign this out" to him, so it's not Tim's fault either. It was a bad assumption on my part that this would be automatically continued as we do it every year. Hopefully it was just an oversight, and NASA can fix this.

There seems to be an empty row behind the grand stands (indicated with cars and trailers) between PT & TT. Its only 1 row! But if we have someone there early enough (Wed) we can probably rope it off for ourselves. I'll be there Thursday AM but have a feeling this will be too late to try and snag it. I sure hope we dont end up spread out and up on the hill.
