

Hawk Thank You

Posted by capt squid - 12 Jun 2014 20:12

I asked Ryan for an email address for Hawk Brakes so I could send them a thank you for sponsoring the enduro and our racing series. If any of you would like to shoot Hawk an email that would be great.

Mike Deford,

This e-mail address is being protected from spambots. You need JavaScript enabled to view it

You might want to send Ryan a blind copy of your thank you. You never know when a little grease might help the 944 group.

I also emailed with Hawk.

Those guys are awesome.

I use Hawk Blue pads and commend them on helping us race fast and stop faster.

Make sure top three finisher get Hawk bucks at tech station after races and then order pads direct from Hawk website on Certificate.
