Thanks to everyone who helped me with all my mechanical problems this weekend. Another great weekend of racing with the best group on the track. Thanks to Chuck for his heads up driving and not t-boning me when I was sideways and he was on my bumper.

Attached is video of the last two laps from Sundays race. Great battles with Chuck all weekend and Simon the last two laps. Just sorry I could not stick the pass. youtu.be/zgF1YaCXLcw
