

## **Willow Springs March 18-19 event**

Posted by Atteberry - 10 Mar 2017 14:21

---

The usual question, asking about race attendee's at our first points event at Willow Springs. By opening this topic up I represent 1 entrant.

I can have 7's Only set up a designated area for us similar to what we did last year. They will be pitted very near the snack bar/meeting room. Last year worked out well, everyone had a good amount of space to spread out. They usually get there on early Friday morning. I can ask for them to get their earlier if needed.

Winter is over the Daytona 24 hour is finished and Sebring 12 hour is completed so now is time for the 944 Spec race season to begin. Those other races are just the preseason events leading up to the highly competitive premier Porsche series

I plan to arrive around noon on Friday. I agree that we should set up like last June if possible. I think we have 7 cars racing. Not sure how many TT and HPDE.

Fred and I will arrive Friday afternoon. We're running in TTD again this year while we build the 84. We will probably pit with Gian Bowles, and Derrin Griffen, but we always stop by. I believe Taylor Vohs is trying to get into TT this season, he says he's all loaded up as well.

If I can get the car all fixed, I will be there racing and Debby will TT the Spec Car.

Would expect to arrive around 4 pm on Friday.

We would be happy to join everyone in the 7's Only corral.

Chuck

What's wrong with the car, Chuck? What do you need?

Jerry,

Parts should arrive Tuesday or Wednesday. Just need time to complete everything before Friday.
