

Orange County area '944 driver?

Posted by bcattle - 20 Apr 2009 13:34

I was wondering if there was anybody in the Orange County area who is involved with 944 Spec who would be interested in talking to me about the club, their car, and helping me get oriented as I consider getting into it.

I'm 24, working as an engineer in Lake Forest. I've always loved the '944 since before I was old enough to get insured in one, and I'd love to tackle a project car and get the chance to hone up my driving skills.

Drop me a line here or shoot me an email at bryan (dot) cattle at (google's email server). Look forward to hearing back. Thanks!

Welcome,

I am in Arizona and sent Tim Comeau an Email. Tim is out of San Diego and is the 944 spec director in your area. He is the best place to start to get info about the class.

Bryan,

You can give me a call anytime. I'm at 619.994.0919. We'll be racing at Buttonwillow this weekend with NASA.

Thanks for the interest in our class and in 944's.
