

Second seat

Posted by Big Dog - 26 Jul 2009 16:44

Gentlemen, I am in the process of building another car and want to put a second seat in it for dual instruction.

I want to use a high back race seat that I can use a full harness with. Since it will only be used for DE sessions, it does not need to be a current, legal seat.

If you have, or know anyone that has an outdated seat cheap, please let me know or pass my number on to them. My cell is 760.578.6103

Thanks, all.

Jim

I have a Recaro SPG that's FIA cert expires next year, but it's pretty narrow (15.5"), so it may be too small for your needs.
