

SOLD!!!! 09 National Champ car for sale

Posted by cbuzzetti - 02 Dec 2009 08:57

Yes it's true my car is for sale. I am upgrading to a better car so this one has to go.

No changes since Miller except front cross member. Suspension holes got egged out from bolts being loose.

This car is well prepped and very capable in the right hands. Car dynoed at 135 RWHP at Miller in 9/09.

Chassis:

85.5 chassis with custom weld in cage, Nascar bars on drivers side, X bar on pass side, gusset bars with plates.
