

WTB Boge strut mount for 83-86 944

Posted by cbuzzetti - 14 Feb 2013 22:06

I am looking for a set of the Boge strut mounts that fit the 83-86 944.

I need these to be able to use the Bilstein strut inserts. These have the large nut to hold the insert in place.

Send email to bajabuzz at yahoo dot com or post here.

Just ordered a pair an hour ago from Easy Porsche.

Thanks for responding though.
