

WTB: Cookie Cutter Set

Posted by Omnid0n - 09 Mar 2009 00:19

Hi

I need a second set of wheels for an early car.

Does anyone have any around the midwest,
milwaukee chicago area? They do not have to
be pretty, just straight.

Thanks

Sid

If your still looking for a set of cookies? I have a set of early ones I would let go of.

Let me know!
