Thought I would start a thread for people to post track/race videos from their 944 Spec. I'll start off with two from my first two events.

NASA April 2012 TWS Race My Fastest Lap

The Drivers Edge May 2012 Motorsports Ranch Cresson 1.7 CW Fastest Lap

Hallett is coming up so I hope to have some good footage of Texas Region racing.

I use a GoPro Hero 1 and Race Render.
