

Die Cut Vinyl Sticker for 944 Spec.org

Posted by Litespeeds - 29 Feb 2008 15:06

I just picked up a plotter for my business so now I can make die cut stickers for advertising your business, graphics for your race car, etc. Please e-mail me at

if you are intersted. If you have the artwork, that would make the job much easier and cheaper. I will give a discount to the 944 community. Attached is a photo of my 1983 944 Spec car. Hope you like what I've done.

I am trying to figure out what is a good introductory price for you guys and here's what I came up with:

(2) 12" - 14" numbers for the doors \$25 for the pair

(2) 4" numbers for the front and rear \$10 for the pair

(2) 4" - 6" 944 Spec or 944 Cup \$20 for the pair

(1) 4" - 6" Windshield Banner for \$20-\$40

10" Racing stripes with 1/4" outline for \$70 (Similar to mine but without the logo on the hood)

I currently have vinyl in black, white, red, yellow, blue and metallic silver. Silver is slightly more due to the increased cost of the vinyl. I am using Oracal 651 intermediate vinyl.

All items will be shipped in a crush-proof plastic tube and the cost will be between \$5-\$10 for shipping within the Continental US.

I have just updated the pricing due to the fact that I returned my other plotter and bought a brand new Roland GX400 which cost me almost \$4,000. Have to recoup some of my costs for this big initial investment. I still think these prices are cheaper than any place else so please let me know if I am within the ball park.

Here is a picture of mine. I tinted the top section of the windshield and then put the yellow vinyl on the outside. I can do it either way with solid windshield banner or just words like mine. I can also do a solid vinyl sticker with no words too at a discounted price. Please contact me at
