

I am having So much fun

Posted by LVkid76 - 06 Sep 2010 22:58

OK my Third D.E. weekend. I am having so much fun. Before weekend added Coil overs in front and 30mm torsion bars in rear and A/C Delete.

Wow suspension helps. lol my friends that race say i am doing real well. I was having fun with a couple of spec miata cars. I do need a cool suit. temps were over 100 on Saturday. Car ran good and cool. Hopefully I can join some of the racing events next year. 2 more DE events here in Nevada before end of the year. Keep adding little by little.

Some pics.
