

Nationals Laguna Seca count down

Posted by jivenjim - 27 Jun 2015 21:47

Hey All

Only 5 weeks.

Do we have a role call?

Laguna Seca is such a fun track.

Looking forward to see everyone.

Surprized to only see 9 entries so far.

I am hoping to supersize on july 1 for 944.

the current schedule has a conflict on Friday if I race 944 and E30.

The Q races are back to back.

if enough supersizing takes place they will have to alter the schedule.

Hopefully we can get that number up to 15 or more.

See you at Laguna!

Would love to but don't have the minimum four races to qualify, only two.

I am in but given story unable to supersize to PTE do to fact in the same race group. hearing that NorCal will not be represented at west coast nationals. Seems difficult for us to get up to 15 participants

Is Norcal boycotting or just choosing not to participate?

You can run in GTS1. It is a good fit for our cars. Its all HP to weight ratio. The 944 should be able to beat the E30 easily.
