

Nationals Developments

Posted by Sterling Doc - 30 May 2011 09:17

Things are coming together for Nationals. Right now, we're at 15 cars, which is big progress from the last Mid-O Nationals, but still working on more!

We are in the process of putting together a community spot in the paddock, complete with a tent (big, or really big - details TBD), a big screen TV for watching video, and going over data, and a place to hang out. Data will be shared and analyzed from series hot shoe Neal Agran, former National Champion Eric Kuhns, and others, to help get all up to speed. We'll be "living the life";

We now have confirmation that defending National Champion David Dirks will be there, as well as SoCal phenom Tyler Palmer for a rematch of last years Finale! There should be some good competition.

Everett Delano is looking to make a return to Mid-O (though it's been a long time since he's been there).

Bennington Motorsports will have spares heads, at least on entire motor, transmissions, etc. , to keep everyone going through the big show. Thanks to Bennington for the big screen TV!

Greg Palmer will also lend his bodywork skills on hand, should it be needed - thanks!

Remember, we are back home on Toyos for Nationals!

I am planning on being there, not racing, but still gonna plan on the trip.

We may also be able to convince Angel B. and Dan P. for their bodywork skills too!
