

Average price for a short 5th tranny?

Posted by Weston - 22 May 2008 06:29

Can anyone guide me on what a fair price is for a 944 or 924S transmission with a short 5th gear? I'd like to know what a good price is, so that I can jump on it if I happen to come across one...

I'm guessing that the \$500 that a local junkyard wants for a 924S tranny is too much...

I haven't been there to see it for myself (it's about 100 miles away from me)... I just found them on Car-Part.com

So, which years and model of the 924's gearbox has the short 5th gear? Is it only the S models or every 924 has it?
