Posted by Sterling Doc - 05 Jul 2009 01:35 Looking good. Nice reuse of the OEM gauges in the dash. How's the visibility with the steering wheel Re:Build updates and pics...
Posted by nkgosselin - 05 Jul 2009 01:49 Thanks.

I can see the gauges fine with the wheel on. There are one or two angles where the sun causes a bit of glare but not worth putting a shield on to block it.

Reusing the gauges is saving me some cash this year. Ultimately would like to completely remove all wires and start from new including gauges.

I am driving the car now. I took it to work.
I will be putting some miles on it.
My plan is to do a lapping day at HPR in the next few weeks, then work with Chuck to do comp school and race in August.
