

is this a legal gas jug for enduro racing?

Posted by nkgosselin - 20 Aug 2009 00:58

www.blitzusa.com/products/fuel/Containment/ef5pg.html

I can get a bunch cheap but want to make sure they would be allowed.

Yes, but they are slow. If you do want to run enduro's get a hose type can. For \$20 they fill twice as fast. Save this for the paddock where 5 minutes to fill and needing a funnel is no big deal.
