

Welcome new racers to 944-spec NASA Rocky Mountain

Posted by SvoChuck - 22 Mar 2008 04:11

Here is a place for all of the new racers to say Hi and tell us something about yourself.

Welcome to NASARM 944-SPEC !

=====

welcome, amigos!

You'll find some strong leaders in this group that will bring out your best driving. You in turn will find yourself pushing them to go faster, too...

I had my personal best at Pueblo chasing these folks. Granted the car is lighter than it was for time trials but I believe good close competition sharpens the nerve.

Again, welcome!

;-p
