944-SPEC - 944SPEC - low cost wheel to wheel racing

Good luck with the sale!

Generated: 1 September, 2025, 11:49 Donor cars in Denver Posted by JR944 - 28 Nov 2009 07:53 Hey Guys, Joe Rothman here. I currently have (but can't afford to race) a 944S2 set up for PCA F class. A friend of mine in Denver has a couple potential donor cars for sale. If there is somewhere else you think I should post, please let me know. Both are '87's with over 160k. Car #1 has a bad clutch and REALLY ugly paint. Starts and sounds ok running. \$800 Car #2 has passable red paint, new tires, runs and drives fine (I'm told... haven't driven it myself). \$1,800. Contact Dave Imes 720-272-5917. Both cars are located at his shop in Lakewood. Thanks, Joe Re:Donor cars in Denver Posted by Hanksville Hot Rods - 01 Dec 2009 21:47 Hi, Joe. Hope all's well. I've copied your post to the NASA RM 944 page, here: www.nasarockymountain.com/nasa forums/forumdisplay.php?f=33
