

Santa's Toy Run 2015 - Road Atlanta - Dec 5-6

Posted by AgRacer - 03 Nov 2015 07:56

Weather looks perfect (Sunny, Highs reaching 60 degrees) considering previous Toy Runs (Rain and cold) so this should be an amazing event!

I only see myself and Coffey as having purchased banquet tickets for Saturday evening. I know we usually like to go someplace Saturday evening but let's stick around the track and enjoy the festivities this time. There is a good year end awards and other prizes given away at this event (including free entries for 2016) so it pays to stick around.

We will be securing parking in the main pro paddock (inside track) as close to the central showers/latrine trailers as possible. If you get there Thursday evening to setup for Just Track It or Friday please move in as close to that part of the pits as possible and make room for 2 RVs (Padilla, Coffey), 3 enclosed trailers (Torgersen, Evans, Stanley), and 11 stalls for cars (we have a TT 944 joining us). The courtyard method is preferred.

We have 10 confirmed entrants, pending Torgersen thrashing to get a drive train swapped into another car since it was determined that his VIR mis-hap turned into a total loss. We're hoping you make it John!

Evans is getting together the Friday night event and needs 8 confirmed attendees for reserved karting at Andretti's Indoor Karting. So far I believe he has 5. \$80 for 3 exclusive races and we don't have to wait in line.

Just Track It is running Road Atlanta on Friday before the event but it is full. In case you haven't heard, the organizer (Stetson) for Just Track It has joined us with his own 944Spec racecar. Just Track It will also be running a majority of the Friday track days before NASA-SE events on the 2016 schedule!

The Sunday Toy Run will be an Aussie Pursuit style race just for the 944Spec class. We will invert the field based on Saturday results, and then apply a handicap after the finish to determine prizes awarded. The Handicap will be calculated based on Saturday Qualifying times and number of laps completed for Sunday. Everyone is asked to throw in \$20 for a combined pot of money which will go to the winner. There will additionally be thrown in a set of brand new Toyo RRs and Hawk Brake pads to be distributed from first to third place. Stanley is only eligible for the cash money prize so in the event he wins, all other prizes will be distributed 2nd through 4th. Study the link below for pointers around Road Atlanta!

DISQUALIFIER: If you have any car contact during the Toy Run, will not be eligible for any of the prizes.

Given what happened to Torgersen at VIR, lets race smart on Sunday and take all cars home unscathed into the off season so we can improve for 2016, not repair from 2015.

1st: 2 New Toyo RRs and approx \$200 cash.

2nd: 1 New Toyo RR and 1 set Hawk Pads Compound of your choice

3rd: 1 New Toyo RR

1. Stanley - 2 tix to Banquet

2. Torgersen

3. Hurley

4. Crookston

5. Evans, B.

6. Honcho, M.

7. Padilla

8. Coffey - 2 tix to Banquet

9. Werner

10. Hurley Mid-South

11. Kelley

12. Barber

13. Stetson

14. Simmons Mid-South

15. Pohlman Mid-south

16. Knoll

17. Magruder

18. Edridge

YTR = Yet to Register

Lastly, I want to nail down 2016 schedule, drops, and supplemental rules for planning and advertisement ahead of time to give everyone time to plan. I have attached a horse blanket outlining all the events on our side of the country including the PCA events since I know we all would like to cross compete with the SP1 crowd. Look at it, the 2016 schedule, and come prepared to discuss what the 2016 Southeast 944Spec schedule should look like. I am not interested in keeping all THIRTEEN events on the schedule because it makes the championship a participation championship rather than a competitive championship. Plus I know nobody is interested in racing at NCCAR where there is no curbing and a horrible paddock.

So new rule: He who races Honcho, must wear a wife beater all weekend and a wig for all festivities. Thanks for setting a good precedent Stetson!

Don't forget the open face helmet and mustache!

Talked to Edridge at the parting party, he is planning on making the Toy Run.

This is shaping up to be a fine Toy Run! Simmons is registered now. Anybody talk to Kelley to see if he is actually going to make it?

Be a lot better if Honcho got stuck in the UK and couldn't make it. Maybe we could take up a collection and bribe his boss.

Nah we need him for the tire money. Chances are he spins out after a few laps anyway.

Don't give that money to my boss, give it to me and I'll skip the race

If you quit dropping oil I wouldn't spin...

There is something I want to get off my chest. It's about that summer, when you went away to community college. I got an offer to do Playgirl Magazine, and I did it. I did a full spread for Playgirl Magazine. I mean spread man, I pulled my butt apart and stuff. I was totally nude. it was weird, I... I mean you probably didn't hear about it because I went under the name of Mike Honcho. But I just

wanted you to know that. If you can hear me, if it got into your brain somehow. That I spread my
buttcheeks as Mike Honcho

If my car comes together I'll be there...

Crooks I will give you a call tomorrow and see how brother Flanagan is coming with the engine rebuild!
