

Winter Meltdown 2016 - CMP - Feb 13-14

Those that made it to RRR saw sleet and snow Saturday morning improving to clear skies and sunny on Sunday. Stanley lowered the track record by a couple of tenths and the new guy, Kimball, showed good initial speed once he got the RRs on a dry track. We were supposed to have 7, but lost a few due to the weather and real life so ended up with 4 total. Already an improvement on the 2015 season.

Event 2 of the 2016 season with races 3 & 4 is the Winter Meltdown at Carolina Motorsports Park.
