After a wonderful round 3 event with double digit car count, we move back to Savannah for the last event at Roebing Road for 2016.

3 rounds into the 2016 season the points standings has Stanley at the top, followed closely by the rookie of Kimball, and then the legend of Crookston. With drops counted, nobody is out of the running for the 2016 Southeast championship just yet. Competition is looking good in 2016 with 6 cars posting fastest lap times within a second of each other during the Race for the Pi Sunday Race!
