

I am going to join you all

Posted by Clemsonracer - 22 Apr 2016 14:41

I bought a car from Calif. It finally got picked up today by the carrier. It is billed as 'race ready'. If it is I will be at CMP in May doing HPDE4 to get my license again. I raced Showroom Stock, Escort, & Firehawk in the 80's.

Its been 28 years since I have been in a race car, I hope you all will bear with me as I get up to speed. If CMP goes well, my 1st race will be Road Atlanta in early June.

I'm sure we're all looking forward to it! We have another gentleman who just got his comp license and is racing with us that seems to have a lot in common with you! He is a Clemson alumni as well, and bought a famed 'California car'. You are certainly welcome to paddock with us at CMP!

This is awesome! We should have a good turnout at CMP and RA. Let us know if there's anything you need help with leading up to CMP.

Great news! Seen you lurking around for a while now and was wondering if you were coming to join us. Thought there was another car coming from Cali. Post up some pictures if you can so we know which car we are looking for.

Are you already on my distro for region event emails? If not, PM me your email and contact info so I can add you to the list.
