

I am going to join you all

Posted by Clemsonracer - 22 Apr 2016 14:41

I bought a car from Calif. It finally got picked up today by the carrier. It is billed as 'race ready'. If it is I will be at CMP in May doing HPDE4 to get my license again. I raced Showroom Stock, Escort, & Firehawk in the 80's.

Its been 28 years since I have been in a race car, I hope you all will bear with me as I get up to speed. If CMP goes well, my 1st race will be Road Atlanta in early June.

Have you worked through getting your comp license? Since you raced a few years ago, are they going to award you a license or make you complete comp school again?

SCCA has reinstated my Full Competition License however Jim Pantas is requiring me to be in HPDE 4 this coming weekend at CMP since it has been such a long time since I last drove. Then a Provisional License. So my first race will be Road Atlanta in June.

I had a great time this past weekend. Thanks for rolling out the red carpet and making me feel welcome. See you at Road Atlanta.

Glad to have you! Good to know that you felt welcome, that is our goal for anyone willing to come play with us. Helps to build the class. Excited about Road Atlanta!
