

Welcome to SE 944-SPEC

Posted by mcmmotorsports - 24 Dec 2008 06:51

I just want to take a moment to welcome you to the new home of NASA SE 944-SPEC racing. I, along with the other 944-SPEC regions, am very excited to bring affordable, competitive and most importantly EQUAL racing to the Southeast region. Please feel free to ask questions, post ideas and just hang out and have a good time. This series has proven to be successful in other parts of the country and the time is now to bring that success to the East Coast. I can't wait for '09

Micheal, what is a contact info for you. I would like to call and chat about Spec944. My shop has done 3 cages for 944s and I am currently building a 4th. I was never excited about 944 Cup cars, too expensive, and would like to help 944 Spec grow in the SE.
