

PCA Race at ECR

Posted by Spec944 #143 - 29 Sep 2011 09:48

There is a PCA race at ECR the weekend after the NASA race. Tow once and race twice. You can apply this week for a PCA license and race Oct 29th and 30th.

The other Texas 944 racers missed a great weekend. there were only 3 of us, Blazer, coomes and myself but you could have used one blanket to cover the three of during the races. the sprint races were 12 and 14 laps and the fun race was 12 laps. i passed on the enduro. the times were in the low 2:09s with some 2:08s in the practices. get your PCA licenses.
